MARBLE

Bianco Colonnata

Bianco Colonnata Marble is characterized by its pure white and gray tones with low contrast. Ideal for minimalist and sophisticated environments, this marble contains minerals that provide high hardness, strong resistance, low porosity, and minimal water absorption.

- **COLORS**

Gray, White and black dots.

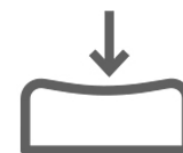

- **COMPOSITION**

Dolomite, quartz and calcite.

- **ORIGIN**

Aré Quarry, Rio de Janeiro.

Bianco Colonnata is a tribute to the rich and traditional delicacy of the Italian Alps. Its appearance is reminiscent of Lardo di Colonnata, ‘pancetta di maiale’ matured in marble.
